Policeman and Other Witnesses Say He Was Going at Tremendous Speed.

Hit by the automobile of Second Assistant Chief Otto F. Wise, while the latter was responding to an alarm of fire shortly before 10 o'clock last night, John E. Fittž, about sixty-five years old, was dangerously and, it is believed fatally hurt in Broad Street, between Eighth and Ninth. So great was the force with which the motor struck him force with which the motor struck him that he was hurled fully five feet in the air, according to witnesses, and fell nearly twenty feet away, landing on his face. He was unconscious when picked up by several pedestrians and carried into the store of the Tragle Drug Company, \$17 East Broad Street, and it was not until he bad been removed to the City Hospital that he was identified. He was recognized by was identified. He was recognized by Detective-Sergeant Wiltshire, who at once notified Mrs. Fittz, who conducts a boarding house at 718 East Marshall

Mr. Fittz stepped from the pavement on the south side of the street, and apparently did not hear the siren which was be-ing sounded. He could not see the swift approach of the machine, because his view was obstructed by a shed hous-ing building material at Murphy's Flotel. As he stepped from behind the shed some one yelled a warning to him, and as he was about to cross the street car tracks he evidently became confused, and tried to retreat to the side-walk. While he hesitated, the heavy red motor was upon him. He, was struck

Cornell stopped his machine as quickly as possible, and Chief Wise ran back to see how badly Mr. Fittz had been hurt. A hurry call was sent by Bernstein for the City Hospital ambu-lance, and Dr. H. T. Hawkins responded and rushed the injured man to the hospital, where he was at once taken to the operating room.

His right leg was broken and it was thought he had sustained a fractured skull, besides many ugly cuts and bruises all over his body. The blood, which streamed from his wounds, made him unrecognizable. The force of the impact was so great that a lamp on the motor was smashed, and the mud guard, which struck Mr. Fittz, was literally crumpled.

Claims as to Speed.

Much is heard to-day of the waning power of the church. Indeed, it is a fact that many good men and women feel that the church has no claim to their feel that the church has no claim to their personal or financial support. What is the meaning of this? Has the church an answer to make to this attitude toward her? The editor of the Paragraph Pulpit will deal with these questions in a sermon to be preached tomorrow morning at the Unitarian Church (corner Floyd Avenue and North Harrison), on "To-Day's Challenge to the Free Church."—Unitarian Publicity Committee.
